Summary

I am Enaikele Odion

- Objective

Enthusiastic junior front-end developer with expertise in React.js, TypeScript, Material-UI, and UI/UX design. Seeking opportunities to contribute to innovative tech projects and grow web development skills.

- Skills

- Front-end: React.js, TypeScript, Material-UI
- UI/UX Design: Tailwind CSS
- Web Tech: HTML, CSS, JavaScript
- Backend Services: Firebase

- Education

- Bells University of Technology
- B.Tech. in Computer Science

- Online Courses

Completed various React.js, TypeScript, and web development courses on platforms like Udemy, Coursera, and freeCodeCamp.

- Projects

1. Task Manager Web App

- Built with React.js and TypeScript.
- Enabled user authentication and real-time updates via Firebase.
- Improved productivity with task creation, editing, and deletion.

2. Portfolio Website

- Designed and developed a personal site from scratch.
- Showcased projects, skills, and resume.
- Focused on professional online presence.

3. E-commerce Product Page

- Developed a dynamic product page using React.js and Tailwind CSS.
- Enhanced user shopping with a seamless cart feature.
- Demonstrated skills in creating engaging web interfaces.

4. To-Do List Application

- Created a to-do app with React.js and TypeScript.
- Empowered users for task management.
- Highlighted proficiency in interactive app development.

- Goals
 - Immediate Objective: Secure a junior developer role to apply and expand skills.
 - Long-term Aspiration: Become a well-rounded full-stack developer and contribute to innovative tech projects.
- Contact
 - Email: enaikeleodion@gmail.com
